

Dear Friends of the First Tee Greater Trenton,

As we continue to carefully navigate through this unprecedented pandemic, we have made some very hard decisions earlier this year to cancel the start of our 2020 programming schedule. On behalf of the First Tee Greater Trenton Board and Staff, we thank all of our participants, parents and community partners for your patience and understanding.

When we do return to our regular programming, it will be more important than ever to think about those things that make the First Tee Greater Trenton experience special – teaching and instilling life lessons and supporting our local community. The safety and well-being of all our participants and coaches is always paramount, and today, is more important than ever. As we announced back in March, we are extremely disappointed that we had to cancel our Spring and Summer programming. While we currently don't have programming, we hope that, when safe and appropriate, our programming can find a way back to the golf course.

In closing, we are truly grateful to have committed individuals like you in our First Tee Greater Trenton Family and we thank you again for your patience, dedication, and understanding. ***When we return, we will be back stronger than ever!***

As always, please don't hesitate to reach out to us if you have any questions.

Sincerely,
Ed Benson
Executive Director
First Tee Greater Trenton
