

January 2020

Dear Friends of the First Tee Greater Trenton,

As you know, last year we had to make a very difficult decision to cancel our 2020 regular programming schedule due to the unprecedented pandemic. On behalf of the First Tee Greater Trenton Board and Staff, we thank all of our participants, parents and community partners for your patience and understanding.

We are anxiously anticipating returning to our regular programming in the spring and we will soon open our registration site so current and new participants can register for our 2021 Spring Programming. In the meantime, we will continue to monitor the current Covid-19 pandemic and take our guidance from the local and state health authorities to determine if changes need to be made regarding our programming start date.

As always, please don't hesitate to reach out to us if you have any questions. We are truly grateful to have committed individuals like you in our First Tee Greater Trenton Family and we thank you again for your patience, dedication, and understanding.

Sincerely,
Ed Benson
